3. EMERGENCY INFORMATION

All Campuses

If there is an on-campus emergency, immediately call 911. Have someone else contact the Grayson College Police Department at 903-463-8777, or, if no one else is available, call the College Police after you disconnect with 911.

An emergency is not something that can be predicted but is something that can be managed by following proper procedures. The Grayson College Campus Safety Procedures, available on the Grayson College website under Police and Campus Safety is intended to be used as a practical outline of what to do in the event of an emergency. The document is a general guide on what should be done to help resolve an emergency but is not an all-inclusive guide. There are times a person would have to exercise independent judgment, using their best knowledge and training to help resolve the circumstances surrounding them. An emergency is defined as a situation where there is the imminent possibility of the loss of life, serious bodily injury to a person and/or the loss or destruction of property. Before an emergency occurs, know the location of telephones in or near your building and how they may be accessed. Become familiar with the location of fire extinguishers and fire alarm pull stations and know how to use them.

Extreme Emergency Plan

Upon notification of an extreme emergency, the Director of Public Safety and Emergency Management or the person acting on his/her behalf will activate the multiple warning systems. Each person on campus must follow the directions in that warning. Examples include going to a designated severe weather area, evacuating, sheltering in place. In the event of an extreme campus emergency, the college will deploy its Incident Command System (ICS). Members of the college Emergency Management Team (EMT) will report to the designated meeting place as identified in the college Emergency Operations Plan for the purpose of establishing an incident command structure for the campus. All available campus peace officers will report to the affected campus and follow the direction of the Director of Public Safety and Emergency Management or the person acting on his/her behalf. Functioning in its ICS role, the EMT will direct the response to the extreme emergency including the closure of the campus and the notification of all affected individuals.

Should an enrolled student need to be notified of an off-campus emergency while they are on campus, please contact the Campus Police office. Only extreme emergency messages will be delivered to the student (sick child; death in the family; injury to family member, etc).

5. GC GENERAL POLICIES

5.1 DISCIPLINARY AUTHORITY

A college, like any community, must have regulations by which its members abide and procedures by which its organizations function. The standard should provide order and an atmosphere conducive to intellectual and personal development. The Student Handbook and the "Code of Student Conduct" contained within are intended to serve these purposes in the interest of all segments of Grayson College. Full policies are available online in the College's Policies and Procedures Manual.

The college has a responsibility to maintain order within the college community and to discipline those who violate its rules and policies. Enrollment requires students to share this responsibility. Students agree to abide by the standards, rules and/or policies set forth in this handbook, the GC Catalog, and other official college publications, as well as Texas Education Code. Registered campus organizations also agree to follow these rules and regulations. The college or its representatives may amend this document at any time without notice.

The authority to enact and enforce regulations of the college is vested in the Board of Trustees. The responsibility for enforcing regulations and imposing penalties is delegated to the President and any college officials the President may designate. The Office of the Vice President of Student Affairs is the principal agency for the administration of student discipline. Violation of academic policies, ie: cheating, plagiarism, etc. will be handled by the Vice President of Instruction.

5.2 COLLEGE SPONSORED PUBLICATIONS

Special circumstances must be present to give an institution of higher education, including a college district, the right to control student publications. An institution of higher education may censor student expression only if it acts consistent with First Amendment constitutional guarantees [see FLA]. An institution may not infringe on free speech when it is not shown to be necessarily related to the maintenance of order and discipline within the educational process. *Schiff v. Williams*, 519 F.2d 257 (5thCir. 1975)

5.3 COMMUNICABLE DISEASES

Communicable diseases include, but are not limited to, measles, influenza, viral hepatitis-A (infectious hepatitis), viral Hepatitis-B (serum hepatitis), human immunodeficiency virus (HIV), AIDS, AIDS-Related Complex (ARC), leprosy, and tuberculosis. For the purposes of this policy, the term "HIV infection" shall include AIDS, AIDS-Related Complex (ARC), and a positive test for the antibody to human immunodeficiency virus.

Basis for Action

The College District's decisions involving persons who have communicable diseases shall be based on current and well-informed medical judgments concerning the disease, the risks of transmitting the illness to others, the symptoms and special circumstances of each individual who has a communicable disease, and a careful weighing of the identified risks and the available alternatives for responding to a student with a communicable disease.

Nondiscrimination

The College District shall not discriminate in enrollment against any student solely on the ground that the student has a communicable disease.

A member of the student body of the College District shall not be denied access to a College District facility, program, function, or campus activity solely on the grounds that the student has a communicable disease. The College District reserves the right to exclude a person with a communicable disease from College District facilities, programs, functions, and campus activities if the College District makes a medically based determination that the restriction is necessary for the welfare of the person who has the communicable disease and/or the welfare of the other members of the College District community.

Privacy

The College District shall comply with all pertinent statutes and regulations that protect the privacy of persons in the College District community who have a communicable disease. The College District shall ensure that procedural safeguards sufficient to maintain the strictest confidence about persons who have HIV infection are in effect throughout the College District.

5. GC GENERAL POLICIES

Education Program about HIV Infection

The College District shall develop and maintain a comprehensive education program about HIV infection for members of the College District community. The program shall address current medical opinions about the nature of HIV infection and its symptoms, methods of transmission, types of behavior that increase the risk of transmission of the disease, and preventive measures for avoiding infection.

Publication

The College District's policy on HIV infection shall be made available to students by including it in the student handbook or other appropriate publications.

5.4 COMPUTER USE POLICY

The College District provides each of its students, faculty, and staff with one or more computer accounts that permit the use of the College District's computer resources. Use of these resources is a privilege, not a right. When using these resources, individuals agree to abide by the applicable policies of the College District, as well as federal, state and local laws. The College District reserves the right at any time to limit, restrict or deny access to its computer resources, as well as to take disciplinary and/or legal action against anyone in violation of these policies and/or laws.

The policies and procedures which apply to users of College District computer resources include, but are not limited to, this policy, as well as College District policies against harassment, plagiarism, and unethical conduct and any procedures that govern computer usage at a particular facility on campus. Laws which apply to users of College District computer resources include, but are not limited to, federal, state and local laws pertaining to theft, copyright infringement, insertion of viruses into computer systems, and other computer related crimes. This policy applies to all College District computer resources, whether administered centrally or within a department, single or multi-user, mainframe or network server, etc. Computer resources include hardware, software, communications networks, electronic storage media, and manuals and other documentation. Data includes all files, regardless of size or storage media, including e-mail messages, system logs, and software (commercial or locally developed).

The following principles address the general philosophy of the College District on computer use and security. These principles apply to and are binding on all users of College District computer resources:

Authorized Use

The College District provides computer resources for the purpose of accomplishing tasks related to the College District's mission. It should be noted that the use of some of the computers, networks, and software located on the College District campus may be dedicated to specific aspects of College District missions or purposes that limit their use or access. Students, including incoming students who have paid their fees, shall be allowed to use the College District's computer resources for school-related and incidental purposes, subject to this policy and other applicable College District policies; state and federal law; and as long as personal use does not result in any additional costs to the College District. Graduating students and students who leave the College District for any reason shall have their computer access rights terminated, except that, with the permission of the appropriate system administrator(s), continuing students enrolled for the coming fall semester may retain their computer rights during the summer.

An employee of the College District shall be allowed to use computer resources in accordance with this and other applicable College District policies. Incidental personal use of computer resources by employees is permitted, subject to review and reasonable restrictions by the employee's supervisor; adherence to applicable College District policies and state and federal law; and as long as such usage does not interfere with the employee's accomplishment of his or her job duties and does not result in any additional costs to the College District. When an employee terminates employment, his or her access to the College District's computer resources shall be terminated immediately.

Freedom of Expression

Censorship is not compatible with the goals of higher education. The College District does reserve the right, however, to place reasonable time, place and manner restrictions on freedom of expression on its computer systems.

Privacy

Users of the College District's computer systems should be aware that computer use may be subject to review or disclosure in accordance with the Texas Public Information Act and other laws; administrative review of computer use for security purposes or

5. GC GENERAL POLICIES

in regard to a policy or legal compliance concern; computer system maintenance; audits and as otherwise required to protect the reasonable interests of the College District and other users of the computer system. Anyone using the College District's computer systems expressly consents to monitor on the part of the College District for these purposes and is advised that if such monitoring reveals possible evidence of criminal activity, College District administration may provide that evidence to law enforcement officials. Further, all users should understand that the College District is unable to guarantee the protection of electronic files, data or e-mails from unauthorized or inappropriate access.

Intellectual Property

All members of the College District community should be aware that intellectual property laws extend to the electronic environment. Users should assume that works communicated through the computer network are subject to copyright laws unless specifically stated otherwise.

Valuable Assets

Computer resources and data are considered valuable assets of the College District. Further, computer software purchased or leased by the College District is the property of the College District or the company from whom it is leased. Any unauthorized access, use, alteration, duplication, destruction, or disclosure of any of these assets may constitute a computer-related crime, punishable under Texas statutes and federal laws. College District computer resources may not be transported without appropriate authorization.

The following actions constitute misuse of the College District's computer resources and are strictly prohibited for all users:

College District computer resources are not to be used in support of or for illegal activities. Any such use shall be reported and dealt with by the appropriate College District authorities and/or law enforcement agencies. Criminal and illegal use may involve, but is not limited to:

- Unauthorized access, intentional corruption or misuse of computer resources, theft, obscenity, and child pornography.
- Failure to comply with laws, policies, procedures, license agreements, and contracts that pertain to and limit the use of the College District's computer resources.

- Use of College District computer resources for personal financial gain or a personal, commercial purpose.
- Failure to protect a password or account from unauthorized use.
- Permitting someone to use another's computer account, or using someone else's computer account.
- Unauthorized use, access or reading of any electronic file, program, network, or the system.
- Unauthorized use, access, duplication, disclosure, alteration, damage, or destruction of data contained in any electronic file, program, network, or College District hardware or software.
- Unauthorized duplication of commercial software. All commercial software is covered by a copyright of some form. Duplication of software covered by such copyright is a violation of the copyright law and this policy.
- Attempting to circumvent, assisting someone else or requesting that someone else circumvent any security measure or administrative access control that pertains to College District computer resources.
- Use of the College District computer system in a manner that violates other College District policies such as racial, ethnic, religious, sexual or other forms of harassment.

 - a. The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order;
 - b. How and to whom the alleged offense should be reported;
 - c. Options about the involvement of law enforcement and campus authorities, including notification of the victim's option to:
 - i. Notify proper law enforcement authorities, including on-campus and local police;

The institution must make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement;
6. An explanation of the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, as described below at PROCEDURES FOR INSTITUTIONAL DISCIPLINARY ACTION; and
7. A statement that, when a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights and options, as described in items 1 through 6 of this list. 20 U.S.C. 1092(f)(8); 34 C.F.R. 668.46(b)(11)

 - e. Require simultaneous notification, in writing, to both the accuser and the accused, of:
 - i. The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking;

For the purposes of this definition dating violence includes, but is not limited to, sexual or physical

5. GC GENERAL POLICIES

abuse or the threat of such abuse and dating violence does not include acts covered under the definition of domestic violence. For the purposes of complying with the requirements of this section and 34 C.F.R. 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. 34 C.F.R. 668.46(a)

2. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees, as defined in 34 C.F.R. 668.46(j)(2). 34 C.F.R. 668.46(a)

“Sexual Assault”

“Sexual assault” means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program and included in Appendix A of 34 C.F.R. Part 668, Subpart D. 34 C.F.R. 668.46(a)

“Stalking”

“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others, or suffer substantial emotional distress.

For the purposes of this definition:

1. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
2. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. 34 C.F.R. 668.46(a)

Discrimination on the Basis of Race Color, or National Origin

No person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program to which 34 C.F.R. Part 100 applies.

4. Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service,

5. GC GENERAL POLICIES

- financial aid, or other benefit under the program;
5. Treat an individual differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership, or other requirement or condition that individuals must meet in order to be provided any service, financial aid, or other benefit provided under the program;
 6. Deny an individual an opportunity to participate in the program through the provision of services or otherwise or afford him an opportunity to do so that is different from that afforded others under the program (including the opportunity to participate in the program as an employee but only to the extent set forth in 34 C.F.R. 100.3(c)); or
 7. Deny a person the opportunity to participate as a member of a planning or advisory body that is an integral part of the program.

A recipient, in determining the types of services, financial aid, or other benefits, or facilities that will be provided under any such program, or the class of individuals to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of individuals to be afforded an opportunity to participate in any such program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration that have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respect individuals of a particular race, color, or national origin. 42 U.S.C. 2000d; 34 C.F.R. 100.3(a)–(b)

Discrimination on the Basis of Age

No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity receiving federal financial assistance. 42 U.S.C. 6102; 34 C.F.R. 110.10

Exceptions:

Normal Operation or Statutory Objective

A recipient is permitted to take an action otherwise prohibited by 34 C.F.R. 110.10 if the action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity. An action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity, if:

1. Age is used as a measure or approximation of one or more other characteristics;
2. The other characteristic or characteristics must be measured or approximated in order for the normal operation of the program or activity to continue, or to achieve any statutory objective of the program or activity;
3. The other characteristic or characteristics can be reasonably measured or approximated by the use of age; and
4. The other characteristic or characteristics are impractical to measure directly on an individual basis.

34 C.F.R. 110.012

Reasonable Factors Other Than Age

A recipient is permitted to take an action otherwise prohibited by 34 C.F.R. 110.10 that is based on a factor other than age, even though that action may have a disproportionate effect on persons of different ages. An action may be based on a factor other than age only if the factor bears a direct and substantial relationship to the normal operation of the program or activity or to the achievement of a statutory objective. 34 C.F.R. 110.13

Special Benefits for Children and the Elderly

If a recipient operating a program or activity provides special benefits to the elderly or to children, the use of age distinctions is presumed to be necessary to the normal operation of the program or activity, notwithstanding the provisions of 34 C.F.R. 110.12. 34 C.F.R. 110.1

Affirmative Action

Even in the absence of a finding of discrimination, a recipient may take affirmative action to overcome the effects of conditions that resulted in limited participation in the recipient's program or activity on the basis of age. 34 C.F.R. 110.15

Discrimination on the Basis of Disability

ADA

Under the Americans with Disabilities Act (ADA), no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, including a college district, or be subjected to discrimination by any such entity. A public entity shall not exclude or otherwise deny equal services, programs, or activities to an individual or entity because of the known disability of an individual with whom the

5. GC GENERAL POLICIES

individual or entity is known to have a relationship or association. 42 U.S.C. 12132; 28 C.F.R. 35.130

Section 504

Under Section 504 of the Rehabilitation Act, no otherwise qualified individual with a disability shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. 29 U.S.C. 794(a)

“Disability”

“Disability” means, with respect to an individual:

- A physical or mental impairment that substantially limits one or more major life activities of an individual;
- A record of having such an impairment; or
- Being regarded as having such an impairment.

An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

The term “disability” does not include:

- Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments, or other sexual behavior disorders;
- Compulsive gambling, kleptomania, or pyromania; or
- Psychoactive substance use disorders resulting from current illegal use of drugs. 42 U.S.C. 12102(1), (4)(C)–(D); 28 C.F.R. 35.108(a), (d), (g)

“Regarded as Having Such an Impairment”

An individual meets the requirement of being “regarded as having such an impairment” if the individual establishes that he or she has been subjected to an action prohibited under the ADA because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity. 42 U.S.C. 12102(3)(A); 28 C.F.R. 35.108(f)

Transitory and Minor

Item 3 in the definition of “Disability,” above, (“regarded as having such an impairment”) shall not apply to impairments that are transitory or minor. A transitory impairment is an impairment with an actual or expected duration of six months or less. 42 U.S.C. 12102(3)(B); 28 C.F.R. 35.108(d)(1)(ix), (f)(2)

Mitigating Measures

The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aids and cochlear implants or other implantable hearing devices, mobility devices, or oxygen therapy or supplies; use of assistive technology; reasonable accommodations or auxiliary aids or services; learned behavioral or adaptive neurological modifications; or psychotherapy, behavioral therapy, or physical therapy.

The ameliorative effects of mitigating measures of ordinary eyeglasses or contact lenses shall be considered in determining whether an impairment substantially limits a major life activity.

“Ordinary eyeglasses and contact lenses” are lenses that are intended to fully correct visual acuity or to eliminate refractive error.

“Low-vision devices” means devices that magnify, enhance, or otherwise augment a visual image.

42 U.S.C. 12102(4)(E); 28 C.F.R. 35.108(d)(1)(viii), (4)

“Major Life Activities”

“Major life activities” include, but are not limited to:

- Caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working; and
- The operation of a major bodily function, such as the functions of the immune system, special sense organs and skin,

5. GC GENERAL POLICIES

normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

In determining whether an impairment substantially limits a major life activity, the term “major” shall not be interpreted strictly to create a demanding standard. Whether an activity is a major life activity is not determined by reference to whether it is of central importance to daily life. 42 U.S.C. 12102(2); 28 C.F.R. 35.108(c), (d)

“Physical or Mental Impairment”

“Physical or mental impairment” means:

- Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine; or
- Any mental or psychological disorder such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disability.

Physical or mental impairment includes, but is not limited to, contagious and noncontagious diseases and conditions such as the following: orthopedic, visual, speech, and hearing impairments, and cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disability, emotional illness, dyslexia and other specific learning disabilities, Attention Deficit Hyperactivity Disorder, Human Immunodeficiency Virus infection (whether symptomatic or asymptomatic), tuberculosis, drug addiction, and alcoholism.

Physical or mental impairment does not include homosexuality or bisexuality.

“Qualified Individual with a Disability”

The term “qualified individual with a disability” means an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the college district. 42 U.S.C. 12131(2); 28 C.F.R. 35.104

“Individual with a Disability”

“Individual with a disability” means a person who has a disability. The term individual with a disability does not include an individual who is currently engaging in the illegal use of drugs, when the public entity acts on the basis of such use. 28 C.F.R. 35.104

“Student with a Disability”

A “student with a disability” is one who has a physical or mental impairment that substantially limits one or more of the student’s major life activities, has a record of having such an impairment, or is being regarded as having such an impairment.

The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures, such as medication, medical supplies, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics, hearing aids, mobility devices, oxygen therapy, assistive technology, or learned behavioral or adaptive neurological modifications.

An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

A student meets the requirement of being “regarded as” having an impairment if the student establishes that he or she has been subjected to a prohibited action because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity. This provision does not apply to impairments that are transitory or minor. A transitory impairment is one with an actual or expected duration of six months or less.

Reasonable Modification

A public entity shall make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the public entity can demonstrate that making the modifications would fundamentally alter the nature of the service, program, or activity.

5. GC GENERAL POLICIES

A public entity is not required to provide a reasonable modification to an individual who meets the definition of “disability” solely under the “regarded as” prong of the definition of “disability” at 28 C.F.R. 35.108(a)(1)(iii).
28 C.F.R. 35.130(b)(7)

Communications

A public entity shall take appropriate steps to ensure that communications with applicants, participants, and members of the public, and companions with disabilities are as effective as communications with others. A public entity shall furnish appropriate auxiliary aids and services where necessary to afford individuals with disabilities, including applicants, participants, companions, and members of the public, an equal opportunity to participate in, and enjoy the benefits of, a service, program, or activity of a public entity. In determining what types of auxiliary aids or services are necessary, a public entity shall give primary consideration to the requests of the individual with disabilities. In order to be effective, auxiliary aids and services must be provided in accessible formats, in a timely manner, and in such a way as to protect the privacy and independence of the individual with a disability. 28 C.F.R. 35.160

“Auxiliary Aids and Services”

“Auxiliary aids and services” includes:

1. Qualified interpreters on-site or through video remote interpreting (VRI) services; notetakers; real-time computer-aided transcription services; written materials; exchange of written notes; telephone handset amplifiers; assistive listening devices; assistive listening systems; telephones compatible with hearing aids; closed caption decoders; open and closed captioning, including real-time captioning; voice, text, and video-based telecommunications products and systems, including text telephones (TTYs), videophones, and captioned telephones, or equally effective telecommunications devices; videotext displays; accessible electronic and information technology; or other effective methods of making aurally delivered information available to individuals who are deaf or hard of hearing;
2. Qualified readers; taped texts; audio recordings; Braille materials and displays; screen reader software; magnification software; optical readers; secondary auditory programs (SAP); large print materials; accessible electronic and information technology; or other effective methods for making visually delivered materials available to individuals who are blind or have low vision;
3. Acquisition or modification of equipment or devices; and
4. Other similar services and actions.

Limits of Required Modification

Title 28 C.F.R. Chapter I, Part 35, Subpart E does not require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. The decision that compliance would result in such alteration or burdens must be made by the head of the public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. 28 C.F.R. 35.164

Direct Threat

The ADA does not require a public entity to permit an individual to participate in or benefit from the services, programs, or activities of the public entity when that individual poses a direct threat to the health or safety of others. “Direct threat” means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services as provided below. 28 C.F.R. 35.104

In determining whether an individual poses a direct threat to the health or safety of others, a public entity must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain:

1. The nature, duration, and severity of the risk;
2. The probability that the potential injury will actually occur; and
3. Whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk. 28 C.F.R. 35.139

Services Inventory

The Coordinating Board shall maintain an inventory of all postsecondary educational programs and services provided for persons with intellectual and developmental disabilities by institutions of higher education. The Coordinating Board shall:

1. Post the inventory on the Coordinating Board’s Internet website in an easily identifiable and accessible location;
2. Submit the inventory to TEA for inclusion in the transition and employment guide under Education Code 29.0112; and
3. Update the inventory at least once every two years.

5.7 FAMILY RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - a. School officials with legitimate educational interest;
 - b. Other schools to which a student is transferring;
 - c. Specified officials for audit or evaluation purposes;
 - d. Appropriate parties in connection with financial aid to a student;
 - e. Organizations conducting certain studies for or on behalf of the school;
 - f. Accrediting organizations;
 - g. To comply with a judicial order or lawfully issued subpoena;
 - h. Appropriate officials in cases of health and safety emergencies; and
 - i. State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors, and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

5.8 RIGHTS, PRIVILEGES, AND RESPONSIBILITIES OF STUDENTS

The College’s primary function is to provide education for those persons who enroll within the system. The goal of the College is to provide an educational environment that will include the opportunity for academic, social, and personal growth. Enrollment in a state-supported educational institution of higher learning is not compulsory. It is optional and voluntary. By voluntary entrance into the academic community, the student assumes obligations of performance and behavior reasonably imposed by the institution of choice relevant to its lawful missions, processes, and functions. Freedom of discussion, inquiry, and expression is protected and nurtured in the classroom as the safeguard of the freedom to learn. Students are expected to exercise their freedom to learn in a manner consistent with the maintenance of good order. Responsibility for good order in the classroom is vested in the instructor and responsibility for maintaining order elsewhere is set forth in the “Code of Student Conduct and Discipline.” The College assumes that the student has earnest educational purpose and maturity of reasonable behavior. This assumption continues until the student demonstrates otherwise. Every student is subject to federal, state, and local laws and is expected to be familiar with the requirements of such laws. Any student who violates any provision of those laws is subject to disciplinary action, including expulsion, despite any action taken by civil authorities on account of the violation. The College strives to assure due process and to outline specific ways of appeal in case of disagreement with administered discipline.

A. Student’s Rights

Article I – A student shall have the right to participate in a free exchange of ideas, and there shall be no college rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition, and peaceful assembly as set forth in the U.S. Constitution. Article II – Each student shall have the right to participate in all areas and activities of the College, free from any harassment and any form of illegal discrimination and without regard to any subgroup classification or stereotype.

Article III – A student has the right to personal privacy except as otherwise provided by law. This will be observed by students and College authorities alike.

5. GC GENERAL POLICIES

Article IV – Each student subject to disciplinary action arising from violations of College student rules shall be assured procedural due process. 5.9 GRAYSON COLLEGE MISSING PERSON POLICY

Grayson College operates one residence hall on the main campus, to accommodate its residential students. The college and the residents share an equal responsibility in keeping the residence hall safe. In keeping with this responsibility, the college has adopted this Missing Persons Policy applying to all occupants of the residence hall.

Before a student may be admitted to a college residence hall, the student must be considered a legal adult and above the age of seventeen – no minors are admitted to the residence halls. In addition, the student must submit a completed residence hall occupant registration form, which includes the name of a contact person and how they can be contacted in the event the occupant/resident becomes missing from the residence hall. The contact information submitted is confidential and may only be released to the person(s) specifically identified by the resident, to administrative officials of the college who may become involved in a missing persons investigation report involving the resident, and to law enforcement authorities investigating a missing person's report.

Custodial parents or guardians, along with any other designated contact person, of a 17-year-old unemancipated minor, will be notified in the event they are determined to be missing. A resident may be considered missing if the person is absent from the residence hall for a period exceeding twenty-four hours without any apparent reason, and does not include persons who have indicated voluntary absence because of domestic, financial or similar cause. The residence hall supervisor, coordinator, or any other concerned person must notify a Grayson College law enforcement official once they have determined that a resident is indeed missing on an involuntary basis and after a period of twenty-four hours has passed.

College, law enforcement officials, may be contacted for the purpose of submitting a missing person's report by calling the College Police office at 903-463-8777 or by contacting the Grayson County Sheriff's Office at 903-893-4388.

Solomon Amendment

The Solomon Amendment, a federal law, mandates that institutions receiving certain federal agency funding must fulfill military recruitment requests for access to campus and for lists containing student recruiting information. If colleges do not comply, they may lose funds essential to their campus—so it is in their best interest to be knowledgeable about the law and develop a positive relationship with recruiters. The Solomon Amendment allows personally identifiable student information to be released to recruiters that would have been denied them under the Family Educational Rights and Privacy Act of 1974 (FERPA). If colleges release more information about students than either Solomon or FERPA allow, then colleges run the risk of being held liable for the offense.

Members of Congress passed the Solomon Amendment in 1996 because it determined that federal agencies, such as the Department of Defense, should be supported in their efforts by colleges that receive federal funding. It was seen as a way colleges could help military meet national recruiting goals. Lawmakers also saw a need to pass a law requiring colleges to give the same rights to military recruiters that give to other employees seeking recruits among college student populations.

5.15 STATEMENT REGARDING DRUG-FREE SCHOOLS AND CAMPUSES ACT

Grayson College is committed to maintaining a safe, healthy, lawful and productive working and educational environment for its students and employees. GC Policy FLD Local

Guiding Principles Informal Process

The College District encourages students to discuss their concerns and with the appropriate instructor or other campus administrator who has the authority to address the concerns.

Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level. Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Formal Process

A student may initiate the formal process described below by timely filing a written complaint. The Student Complaint Form can be found on the following link. <http://www.grayson.edu/employment/Files/Personnel%20Related%20Forms/Student-Complaint-Form.pdf>

Even after initiating the formal complaint process, students are encouraged to seek informal resolution of their concerns. A student whose concerns are resolved may withdraw a formal complaint at any time.

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.

Freedom from Retaliation

Neither the Board nor any College District employee shall unlawfully retaliate against any student for bringing a concern or complaint.

Notice to Students

The College District shall inform students of this policy through appropriate College District publications.

Complaints

In this policy, the terms "complaint" and "grievance" shall have the same meaning.

Student complaints shall be filed in accordance with this policy, except as required by the policies listed below. Some of these policies require appeals to be submitted in accordance with FLD after the relevant complaint process:

5. GC GENERAL POLICIES

5. GC GENERAL POLICIES

Complaints and Appeals in Writing

Complaints under this policy shall be submitted in writing to the College District. Copies of any documents that support the complaint should be attached to the complaint. If the student does not have copies of these documents, copies may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the student unless the student did not know the documents existed before the Level One conference.

A written complaint or appeal that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refiled is within the designated time for filing.

Level One

Written complaints must be filed:

1. Within 15 days of the date the student first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.

In most circumstances, students shall file Level One complaints with the department chairperson or appropriate dean. If the only administrator who has authority to remedy the complaint the alleged problem is the Level Two or Level Three administrator, the complaint may begin at Level Two or Three, respectively, following the procedure, including deadlines, for filing the complaint at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the written complaint was received and immediately forwards the complaint to the appropriate administrator. The appropriate administrator shall investigate as necessary and schedule a conference with the student within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the student a written response within ten days following the conference. The written response shall set forth the basis for the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any relevant documents or information the administrator believes will help resolve the complaint.

Level Two

If the student did not receive the relief requested at Level One or if the time for a response has expired, the student may request a conference with the appropriate dean or vice president to appeal the Level One decision.

The appeal notice must be filed in writing within ten days of the date of the written Level One response or, if no response was received, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The student may request a copy of the Level One record.

The Level One record shall include:

1. The original written complaint and any attachments.
2. All other documents submitted by the student at Level One.

Level Four

If the student did not receive the relief requested at Level Three or if the time for a response has expired, the student may appeal the decision to the Board.

The appeal notice must be filed in writing within ten days after receipt of the written Level Three response, or, if no response was received, within ten days of the Level Three response deadline.

The College President or designee shall inform the student of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The Level Four presentation, including the presentation by the student or the student's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/ audio recording, or court reporter.

The Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. 5.21 TEXAS SUCCESS INITIATIVE (TSI)

Texas law requires that all new students in a public college or university have their academic skill level assessed prior to entry in a college-level class. The assessment helps students understand their skill levels in reading, writing and math and enables them to enroll in classes that appropriately match each individual's skill level. All students are required to complete a Pre-Assessment Activity that includes a quick review of sample test questions; this activity can be found at: <https://www.tsipreview.com/welcome/graysoncollege>

Students will enroll under one of these four options:

1. Option One – TSI Exempt

Currently, students may be exempt from the Texas Success Initiative if they meet one or more of the following criteria. Students must present proof of these exemptions at the time of registration. NOTE: Students with a disability are not exempt from assessment requirements but may receive testing accommodations with appropriate documentation.

- a. Transferred in from an out-of-state or private institution with grades of "A," "B" or "C" in designated courses taken within past five years.
- b. Students who have previously attended GC or any other Texas public college or University and who have already met Texas Success Initiative requirements.
- c. Active duty military (U.S., Texas National Guard, or U.S. Reserve Unit) in service for at least three years prior to enrollment at GC. Some academic classes require students to demonstrate college readiness before enrolling.
- d. A student who on or after Aug. 1, 1990, was honorably discharged, retired or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the U.S. Please note that some academic classes require students to demonstrate college readiness before enrolling.
- e. Earned an associate's or bachelor's degree or higher from a Texas public college or university.
- f. Eligible test scores as indicated on the table on the following page

2. Option Two – TSI Waived

Enroll in an eligible certificate program that allows assessment to be waived. Students enrolling in these programs will have their skills assessed and may enroll only in courses listed on their certificate plans. Success Initiative Waivers are available to students who meet one of the following criteria:

- a. Students enrolled in Level 1 certificate programs of 15 to 42 semester credit hours. Students enrolled in these certificates may take only courses listed on that certificate.
 - i. Please note that some academic classes require students to demonstrate college readiness before enrolling.
- b. Students who attended a private Texas or any out-of-state institution during the previous semester and are currently enrolling at GC on a temporary basis and not seeking a degree at GC. Temporary students must present proof of enrollment at a private or out-of-state institution during the immediately preceding semester.
- c. Full-time students from private Texas or any out-of-state institution concurrently enrolling in one or two GC courses (including distance learning courses) and not seeking a degree at GC.

- College officials affected by this policy, including the Grayson College Police Department, Vice President of Student Affairs, Director of Student Life\Housing, will develop and administer office procedures for implementing this policy, for preventing sexual assaults, and for informing students and others in more detail about the College's sexual assault programs and the procedures followed once a sexual assault is reported.
- Law enforcement and medical personnel have extensive training in handling sexual assaults; therefore, they are authorized to use their own professional judgment with regard to individual circumstances, which may vary from the procedures in this Policy and Procedures.

Educational Programs

1. Grayson College Police Department will provide students and employees with programs designed to promote the awareness of rape, acquaintance rape, and other sexual assaults.

5. GC GENERAL POLICIES

2. The Grayson College Police Department's Community Awareness and Resource Team unit will conduct sexual assault programs for students and employees that are aimed at preventing and reporting sexual assaults, preserving evidence, and identifying special services to assist survivors of sexual assaults.

Procedures to Follow in the Case of a Sexual Assault

1. Any person may request assistance from College personnel in notifying law enforcement authorities. College personnel will provide full assistance to persons who request help in notifying authorities of sexual assault.

When reporting a sexual assault, a survivor's identity may be kept confidential. 3. Survivors of sexual assaults are not required by law to report the assault or to pursue legal action. However, it is recommended that survivors report the assault immediately to Grayson College Police or the local law enforcement authority where the assault occurred in order to facilitate the collection of important evidence and to preserve their option for pursuing legal action at a later time. College officials will provide the survivor with assistance in notifying the proper authorities of a sexual assault. A survivor can request a pseudonym if she/he wishes to maintain anonymity.
4. Any person with knowledge or suspicion of a sexual assault of a minor (under 18 years of age), or of a sexual relationship between a person under 17 years of age and a person over 18 years of age, is required by state law to report the assault or relationship, including the minor's name, to law enforcement. The report should be made immediately. A person making a report involving a minor is immune from civil or criminal liability if the report is made in good faith. Failure to report the sexual assault of a minor is a Class B misdemeanor, punishable by law. Sexual assault reports involving a minor can be made to Child Protective Services online at www.dfps.state.tx.us and confidentially, by phone, at 800.252.5400.

Preserving the evidence means not tampering with the evidence or otherwise inadvertently destroying critical evidence. Trained law enforcement personnel should collect the evidence.

Schools found to have violated this law can be fined up to \$35,000 or lose their eligibility to participate in federal student aid programs. Complaints about schools that have failed to comply with this law should be made to the U.S. Department of Education.

Medical Reasons

To claim an exclusion for medical reasons, the student must present an exemption statement to the school or child-care facility, dated and signed by a physician (M.D. or D.O.) properly licensed and in good standing in any state in the United States who has examined the student. The statement must state that, in the physician's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student's household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician. Education Code 51.933(d); 25 TAC 97.62(1)

Reasons of Conscience

To claim an exclusion for reasons of conscience, including a religious belief, the child's parent, legal guardian, or a student 18 years of age or older must present to the school or child-care facility a completed, signed, and notarized affidavit on a form provided by the Texas Department of State Health Services (DSHS) stating that the child's parent, legal guardian, or the student declines vaccinations for reasons of conscience, including because of the person's religious beliefs. The affidavit will be valid for a two-year period from the date of notarization. A child or student, who has not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the health and human services commissioner.

The affidavit must be on a form provided by DSHS as described by Health and Safety Code 161.0041 and must be submitted to the admitting official not later than the 90th day after the date the affidavit is notarized.

This exception does not apply in a time of emergency or epidemic declared by the commissioner of state health services. Education Code 51.933(d)–(e); Health and Safety Code 161.0041; 25 TAC 97.62(2)

Military Duty

To claim an exclusion for armed forces, persons who can prove that they are serving on active duty with the armed forces of the United States are exempted from the requirements in the statutes described above. Education Code 51.933(d)–(e); 25 TAC 97.62(3)

Provisional Enrollment

Notwithstanding the other requirements in 25 Administrative Code 97.64, a student may be provisionally enrolled in the health-related courses if the student has received at least one dose of each specified vaccine prior to enrollment and goes on to complete each vaccination series as rapid as medically feasible in accordance with the Centers for Disease Control and Prevention's Recommended Adult Immunization Schedule as approved by the Advisory Committee on Immunization Practices (ACIP).

However, the provisionally enrolled student may not participate in coursework activities involving the contact described in 25 Administrative Code 97.64(a) and/or 25 Administrative Code 97.64(d) until the full vaccination series has been administered. 25 TAC 97.64(c)(1)

DSHS may by rule prohibit a student from attending school during the provisional enrollment period. Att'y Gen. Op. GA-178 (2004)

5. GC GENERAL POLICIES

Failure to Properly Document Immunization

Students who claim to have had the complete series of a required vaccination, but have not properly documented them, cannot participate in coursework activities involving the contact described in 25 Administrative Code 97.64(a) and/or 25 Administrative Code 97.64(d) until such time as proper documentation has been submitted and accepted. 25 TAC 97.64(c)(2)

Immunity

The immunization requirements in 25 Administrative Code 97.64(b) and 25 Administrative Code 97.64(d) [see REQUIRED IMMUNIZATIONS OF CERTAIN STUDENTS, STUDENTS IN HEALTH-RELATED COURSES and VETERINARY STUDENTS, below] are not applicable to individuals who can properly demonstrate proof of laboratory confirmation of immunity or laboratory confirmation of disease. Vaccines for which this may be potentially demonstrated, and acceptable methods for demonstration, are found in 25 Administrative Code 97.65 (relating to Exceptions to Immunization Requirements (Verification of Immunity/History of Illness)). Such a student cannot participate in coursework activities involving the contact described in 25 Administrative Code 97.64(a) until such time as proper documentation has been submitted and accepted. 25 TAC 97.64(c)(3)

Acceptable Documents of Immunization

- Vaccines administered after September 1, 1991, shall include the month, day, and year each vaccine was administered.
- Documentation of vaccines administered that include the signature or stamp of the physician or his or her designee, or public health personnel, is acceptable.
- An official immunization record generated from a state or local health authority is acceptable.
- An official record received from school officials including a record from another state is acceptable.
- All schools are required to maintain immunization records sufficient for a valid audit to be completed.
- 25 TAC 97.67–.68
- Required Immunizations of Certain Students (Students in Health-Related Courses)

Tetanus Diphtheria

Students must show receipt of one dose of tetanus-diphtheria-pertussis vaccine (Tdap). In addition, one dose of a tetanus-containing vaccine must have been received within the last ten years. Td vaccine is an acceptable substitute, if Tdap vaccine is medically contraindicated.

Measles, Mumps, and Rubella Vaccines

Students born on or after January 1, 1957, must show, prior to patient contact, acceptable evidence of vaccination of two doses of a measles-containing vaccine administered since January 1, 1968, preferably MMR vaccine. Students born on or after January 1, 1957, must show, prior to patient contact, acceptable evidence of vaccination of one dose of a mumps vaccine. Students must show, prior to patient contact, acceptable evidence of one dose of rubella vaccine.

Hepatitis B Vaccine

Students are required to receive a complete series of hepatitis B vaccine prior to the start of direct patient care or show serologic confirmation of immunity to hepatitis B virus.

Varicella Vaccine

Each student is required to have received one dose of varicella (chicken pox) vaccine on or after the student's first birthday or, if the first dose was administered on or after the student's 13th birthday, two doses of varicella (chicken pox) vaccine are required. A written statement from a parent, legal guardian, managing conservator, school nurse, or physician attesting to a child's/student's positive history of varicella disease (chicken pox) or varicella immunity is acceptable in lieu of a vaccine record for that disease. [See the form on DSHS's website at <http://www.dshs.state.tx.us/immunize/docs/c-9.pdf>] Education Code 51.933; 25 TAC 97.64(a)–(b), .65(b)

Bacterial Meningitis

This section applies only to an entering student at an institution of higher education or private or independent institution of higher education. "Entering student" includes:

1. New student—a first-time student of an institution of higher education or private or independent institution of higher education, including a student who transfers to the institution from another institution of higher education. A student who was previously exempt under 19 Administrative Code 21.614(a)(2)–(5) will be treated as a new student, should the exception no longer apply.
2. Returning student—a student who previously attended an institution of higher education or private or independent institution of higher education before January 1, 2012, and who is enrolling in the same or another institution of higher

education or private or independent institution of higher education following a break in enrollment of at least one fall or spring semester. Education Code 51.9192(b); 19 TAC 21.612(1)

Definitions

“Health Practitioner”

“Health practitioner” means any person authorized by law to administer an immunization. Education Code 51.9192(a)(1); 19 TAC 21.612(3)

“Online and Other Distance Education Course”

“Online and other distance education course” means a course in which the instructor and students are not in the same location. An online course typically involves web-based instruction but might also include correspondence instruction. An online or other distance education course that includes a face-to-face component, including meeting in a testing laboratory with other students, or meeting in a classroom to receive interactive video instruction, does not qualify as an online or other distance education course. 19 TAC 21.612(6)

Evidence of Vaccination

A student to whom this section applies or a parent or guardian of the student must provide to the institution a certificate signed by a health practitioner or an official immunization record evidencing that the student has received a bacterial meningitis vaccination dose or booster during the five-year period preceding and at least ten days prior to the first day of the first semester in which the student initially enrolls at an institution, or following a break in enrollment of at least one fall or spring semester at the same or another institution.

A student is not required to submit evidence of receiving the vaccination against bacterial meningitis or evidence of receiving a booster dose if:

1. The student is 22 years of age or older by the first day of the start of the semester;
2. The student is enrolled only in online or other distance education courses;
3. The student is enrolled in a continuing education course or a program that is less than 360 contact hours or continuing education corporate training;
4. The student is enrolled in a dual credit course that is taught at a public or private kindergarten–grade 12 facility not located on a higher education institution campus; or
5. The student is incarcerated in a Texas prison. Education Code 51.9192(b)–(c); 19 TAC 21.613(a), .614(a)

Exception for Medical Reasons or Reasons of Conscience

A student to whom this section applies or a parent or guardian of the student is not required to comply with immunization requirement if the student or a parent or guardian of the student submits to the institution:

1. An affidavit or a certificate signed by a physician who is duly registered and licensed to practice medicine in the United States in which it is stated that, in the physician’s opinion, the vaccination required would be injurious to the health and well-being of the student;
2. An affidavit signed by the student stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, including a religious belief. A conscientious exemption form from the DSHS must be used for students attending a public university, health-related institution, or private or independent institution of higher education. The form must be submitted to the designated department or unit no later than the 90th day after the date the affidavit is notarized; or
3. Evidence of submitting a conscientious objection form through a secure, Internet-based process developed and implemented by the DSHS. The Internet form may be used by entering students attending a public junior college. Public junior colleges may use the Internet-based process as the exclusive method to apply for an exemption from the vaccination requirement for reasons of conscience.

The exemption noted at paragraphs 2 and 3, above, does not apply during a disaster or public health emergency, terrorist attack, hostile military or paramilitary action, or extraordinary law enforcement emergency declared by an appropriate official or authority from the DSHS and in effect for the location of the college district the student attends. Education Code 51.9192(d)-(d-2), (d-4); 19 TAC 21.614(b)–(c)

Notification at Registration

Each institution of higher education shall provide, with the registration materials that the institution provides to a student to whom this section applies before the student’s initial enrollment in the institution, written or electronic notice of the right of the student or of a parent or guardian of the student to claim an exemption from the vaccination requirement in the manner prescribed above and of the importance of consulting a physician about the need for immunization to prevent the disease. Education Code 51.9192(d)–(6); 19 TAC 21.613(d)

5. GC GENERAL POLICIES

Designation of Official

Each institution of higher education must designate a department or unit to receive from the student evidence of receipt of an initial bacterial meningitis vaccination dose or booster during the five-year period preceding and at least ten days prior to the first day of the first semester in which the student initially enrolls at an institution, or following a break in enrollment of at least one fall or spring semester at the same or another institution. 19 TAC 21.613(b)

Presentation of Evidence

Evidence of the student having received the vaccination from an appropriate health practitioner must be received by the designated department or unit.

Acceptable evidence of vaccination or receiving a booster dose includes:

1. The signature or stamp of a physician or the physician's designee or public health personnel on a form that shows the month, day, and year the vaccination dose or booster was administered;
2. An official immunization record generated from a state or local health authority; or
3. An official record received from school officials, including a record from another state.

This information shall be maintained in accordance with Family Educational Rights and Privacy Act Regulations, and with the Health Insurance Portability and Accountability Act. 19 TAC 21.613(c)

Extension

Under justifiable circumstances, an administrative official of the designated department or unit of the institution may grant extensions to individual students to extend the compliance date to no more than ten days after the first day of the semester or other term in which the student initially enrolls. 19 TAC 21.613(e)

6. GC ACADEMIC POLICIES

6.1 ACADEMIC FRESH START

1. Students may, at the time of their application for admission to Grayson College, file for Academic Fresh Start in the Admissions and Records Office. All academic course credits or course grades earned exactly ten or more years prior to the starting date of the semester in which the applicant seeks to enroll will not be considered in the calculation of the grade point average.
2. A student will forfeit the use of all credits earned prior to enrollment under the Academic Fresh Start Policy. Courses taken prior to this time will not be used in the calculations of the student's grade point average.
3. The student's record will be inscribed with the notation "Academic Fresh Start Granted (date)."
4. Policies concerning Academic Fresh Start are applicable only to Grayson College. They do not pertain to financial aid history or accumulated award limits. Other colleges may not recognize the reprieve.
5. To request Academic Fresh Start, a student must submit a completed application for admission, a written petition for Academic Fresh Start, and all transcripts or prior college or university work to the Admissions, Records Office prior to the beginning of the semester of application.

Academic Standing

Academic standing is based on a student's Grade Point Average (GPA) and determines the student's eligibility for many benefits and/or whether they may continue their enrollment. It is the student's responsibility to monitor their academic good standing, probation, suspension or dismissal. At the end of each term, an academic standing is determined based on grades earned for that term.

- Good Standing - A student is considered to be in Good Standing when a cumulative GPA of 2.0 or higher is maintained.
- Academic Warning - A student who fails to maintain a cumulative GPA of 2.0 or higher is placed on Academic Warning. The student may continue to enroll while on warning unless/until a less than 2.0 term GPA is earned.
- Academic Probation - A student who fails to maintain a 2.0 GPA after being placed on Academic Warning will be placed on Academic Probation. The student on Academic Probation will be placed on an Academic Improvement Program which may include restrictions on enrollment to include the mandate to enroll and pass Psyc/Educ 1300. If a student has previously completed Psyc/Educ 1300 with a "C" or better, they are not required to repeat the course. After a student successfully completes academic probation, the student may continue to re-enroll by maintaining a term GPA of 2.0 or greater.
- Academic Suspension - A student who does not meet the required standard for successful completion of academic probation will be suspended for a period of one long semester. Prior to readmission, the student must consult with a Counselor to obtain permission for readmission and have records reactivated by the campus Registrar. Conditions of readmissions may include special requirements or restrictions.
- Transfer to GC Following Suspension at Another College/University: A student who has been placed on Academic Suspension or Dismissal by another college or university must maintain Academic Good Standing at Grayson College with a cumulative GPA of 2.0 or higher. Depending on the circumstances of the suspension, the Counselor, Registrar, or Vice President of Student Affairs may require an interview and/or may direct the applicant for additional review through campus channels. Conditions of admission may include special requirements and/or restrictions.

6.2 ACADEMIC SUCCESS PLAN

Students who are not TSI Exempt must demonstrate College Readiness for reading, writing, and math with EITHER:

1. Passing scores on the TSI Assessment for reading, writing, and math
2. A grade of A, B, or C in an exit-level course (Math 0340, INRW 0320)

When students are "college ready" in all three areas, Texas Success Initiative requirements will have been completed and students will no longer be required to enroll in developmental classes.

Mathways: College level math courses are designed to serve the curriculum needs of unique degrees, and Math 0420 will prepare the student for most of these options; however, many sciences, technology, engineering, and math (STEM) degrees will require the completion of College Algebra (Math 1314) or higher, and students pursuing those degrees will be advised to enroll in Math 0340 to prepare for the level of math covered in College Algebra. However, depending upon their TSI score, students may need to complete Math 0420 prior to Math 0340. Please review your degree plan/ Pathway and/or speak with your advisor for more guidance.

6. GC ACADEMIC POLICIES

Placement in Classes

The developmental classes are designed to help you attain “college readiness” as fast as possible while maintaining a realistic pace of achievement. If you are not “college-ready” in reading, writing, or math, your advisor will “place” you in a level or pathway where you will be learning new material (or reviewing material that you may have studied several years ago and have forgotten). Each course listed below (in the Course Descriptions section) requires one semester to complete. “Completion” means that you have earned a grade of C or higher. Under unique situations, and with the approval of the Academic Dean, or designee, students may be or become eligible for a “Non-Course Based Option” (NCBO), which pairs appropriate developmental instruction with an appropriate college level course (e.g., MATH 1314 or ENGL 1301). Eligible students will be invited by the college to participate in this option.

To ensure that you are enrolled in the correct level of developmental course, your developmental professors may give you an in-class placement test during the first week of classes. Your professors will notify you if you need to change your schedule. If you have any questions about being in the appropriate level, of course, talk to your professor during the first week of class.

You are required to enroll in developmental courses every semester until you demonstrate college readiness in all three skill areas. We require this because we want you to have the skills you need to stay in college and make good grades in your courses until you have met your personal goals for a college education. Students are limited by the state to a maximum of 27 hours of developmental coursework (including W’s and F’s), so be sure to study conscientiously in every developmental course.

Attendance

You are required to attend your developmental classes. If you do not attend your developmental classes, in accordance with the course’s attendance policy, you may be dropped from that course by your instructor and will be considered out of compliance with your Academic Success Plan. Your Academic Success Plan may have allowed you to enroll in academic courses requiring a skill area that is being supported by your developmental course work. Students who are out of compliance with their Academic Success Plan will be required to enroll in appropriate self-paced developmental classes to regain compliance that semester and re-establish that academic support; failure to do so will result in being barred from future enrollment in academic course work until the TSI/College-Readiness requirements are met in appropriate skill areas (or, under special situations, permission is granted by the Director of Testing or the Director of Counseling).

Retesting

You may retest at any time; however, we recommend that you work closely with developmental professors to determine when you are prepared to pass the retest. Check with the GC Testing (903-463-8724) for information about scheduling a test date.

6.3 CLASS ATTENDANCE

Academic success is closely associated with regular class attendance and course participation. All successful students, whether on campus or online, are expected to be highly self-motivated. All students are required to participate in courses regularly and are obliged to participate in class activities and complete and submit assignments following their professors’ instructions. Students taking courses during compressed semester time frames such as minimester, summer sessions, and mid-semester should plan to spend significantly more time per week on the course. Responsibility for work missed because of illness, or school business is placed upon the student.

Instructors are required to include in their syllabi the attendance policy for the course(s) they teach. The college considers absences equal to or greater than 15% of the course’s requirements to be excessive.

Students enrolled in developmental courses face additional consequences for poor attendance. See the Attendance section of the Academic Success Plan.

6.4 DISTANCE LEARNING

Distance Learning provides access to quality higher education courses via distance learning technologies. Instead of attending regular classes, students use a variety of instructional components to work independently. There are no limits on the total number of credits that may be earned by Distance Learning courses. Course content and transferability are the same as courses offered on-campus.

6. GC ACADEMIC POLICIES

Courses provided via Distance Learning allow students to obtain college credit by participating in a variety of non-classroom oriented courses. Students read texts and related materials, take exams (on-line and/or in the Testing Center), and submit papers/work assignments. Each course has an instructor who interacts with students, leads the course and provides assistance.

Students who are enrolled in a GC Online or Hybrid course are able to receive technical assistance through the college's Help Desk. Detailed information about Grayson's Help Desk can be found on the website at <https://grayson.edu/current-students/help-desk/index.html>

6.5 GENERAL ACADEMIC POLICIES

Admission Requirements

The College reserves the right to require vaccinations, physical examinations, and admission examinations at the student's expense.

In order for students to charge tuition, books, or dorm to federal financial aid programs, all application materials and all required transcripts must be submitted to the Admissions and Records Office by the priority dates published in the Schedule of Classes. Failure to meet these deadlines will result in delays in receiving the aid.

Students may be admitted to Grayson College by one of the following methods:

1. U.S. High School Graduate. A graduate of an accredited U.S. high school who has never attended an accredited college or university must submit an official transcript from the U.S. high school showing the date of graduation. The high school must be accredited by the Texas Education Agency, the Southern Association of Colleges and Schools or the equivalent accrediting agency for other states and regions. (A graduate of a non-accredited or foreign high school must apply for admission by Individual Approval.)
2. Individual Approval. An individual eighteen years of age or older who does not have a U.S. high school diploma or G.E.D. or who is a graduate of a non-accredited or foreign high school may apply for admissions on individual approval. International students with an F-1 visa are admitted on the basis of their TOEFL or ELS scores. TOEFL scores must be no more than five years old to be valid. Students admitted under this policy are not eligible for Title IV. Anyone admitted without a GED or high school diploma will be strongly encouraged to complete the GED during the first year of his/her enrollment at Grayson College.
3. Transfer from Another U.S. College:
 - a. During their initial term at GC, transfer students who desire admission must provide official transcripts from all colleges attended on or before the census date. A hold will be placed if transcripts are not received by the census date. Students applying as a transfer must have transferable college credit from a U.S. regionally accredited college. Developmental courses and continuing education courses are not considered transferable.
 - b. Official test scores must be submitted prior to registration. Transfer students must follow Texas Success Initiative policies for demonstrating college readiness.
 - c. Students who have been suspended for any reason from another college will not be eligible for admission at Grayson College until they are eligible to return to their previous college or they obtain approval for admission from their Instructional Dean, Director of Counseling Services, or the Registrar. Grayson College accepts college-level credits from regionally accredited institutions provided that the courses were completed successfully.
 - d. When transfer students apply for graduation, the Office of Admissions and Records, with assistance from Instructional Deans, determines whether or not transferred courses meet degree requirements.
4. GED Admission. An applicant who has passed the GED test may be admitted to Grayson College by providing the Admissions and Records Office with a copy of the test scores or GED certificate.
5. High School Students. To be eligible for concurrent high school and college enrollment, high school students must:
 - a. Juniors must have passed sections of the TSI Assessment. Seniors must have demonstrated college readiness skills with exit-level TAKS scores or TSI Assessment.
 - b. Students from high schools as well as home schools must provide an official transcript which includes:
 - i. Name and Date of birth
 - ii. Grade level
 - iii. Academic history up to and including graduation date
 - iv. Letter or percentile grades
 - v. Explanations of grading scale
 - vi. Name of home schooling administrator
 - c. Prospective concurrently-enrolled high school students must demonstrate college readiness skills based on scores on

6. GC ACADEMIC POLICIES

the exit-level TAKS test, ACT, SAT, or TSI Assessment. Dual credit high school students may concurrently enroll at GC only in courses intensive in skill areas for which the students demonstrate college readiness scores.

6. Readmission. Applicants seeking readmission to Grayson College, having not attended the previous 12 months must reapply through the Admissions and Records Office. Applicants who have attended any other colleges since their last enrollment at Grayson College must submit official transcripts from those colleges along with scores from a state-approved assessment.
7. Some specialized programs have additional admission requirements which are listed in the program descriptions under each division.
8. Admission Requirements for Non-Citizen Students. It is the goal of Grayson College to make educational opportunities available to all students who can benefit from its programs. With such a goal, however, is the commensurate responsibility to make every effort to assure that students can function within the institution with a reasonable chance for success. The purpose of the admissions requirements for international students, therefore, is to recognize the difficulties students educated in a non-English speaking culture might have, and to establish guidelines designed to afford international students a reasonable assurance that they can function within an English-speaking institution of higher learning. The following requirements apply to students who are not U.S. citizens:
 - a. Legal Immigrant: Submit copy of I-551, then meet same admission requirements as U.S. citizen.
 - b. Refugee: Submit copy of Immigrant I-94 indicating Refugee Visa, then meet same admission requirements as U.S. citizen.
 - c. Non-Immigrant Alien: The following requirements apply to all applicants holding visa category A-L issued by the Immigration and Naturalization Service and to all non-citizen applicants who do not qualify for admission as Immigrant or Refugee.
 - i. Application for Admission.
 - ii. Non-refundable \$100 US Application/Evaluation Fee.
 - iii. Deposit at Grayson College of sufficient funds to cover anticipated tuition/fees and room/board expenses (\$16,500.00 US).
 - iv. Test of English as a Foreign Language (TOEFL) with a minimum score of 500 on paper-based testing (or 61 Internet-based IBT). The following exceptions apply to the English proficiency requirement:
 - Students from Australia, New Zealand, the British Isles, and the English-speaking provinces of Canada are exempt. Students from other countries where English is the primary language of instruction and the language spoken at home and by the indigenous population may petition for an exception.
 - Students who have earned a baccalaureate degree from a regionally accredited United States college or university are exempt.
 - Students who have earned a high school diploma from a United States high school and have passing scores on a state-approved assessment are exempt.
 - v. Transcripts
 - Entering Freshman: Certified English translation of high school transcript showing completion of secondary school.
 - Transfer from Foreign College or University: Certified English translation of transcript and/or syllabus reflecting course work and/or program completed at college or university outside of U.S. Grades received must reflect satisfactory performance.
 - Transfer from U.S. College or University: Official transcript from each college or university attended reflecting student is in good standing.
 - vi. A physician's report or health certificate (in English or with English translation) certifying that the person has no contagious diseases and is in good physical condition; if applicant is taking medication routinely, the medication and the reason for taking it will be listed.
 - vii. All international students must submit proof of medical insurance.
 - viii. Compliance with all requirements and procedures established for visa category by Immigration and Naturalization Service.
 - ix. Application and documents must be submitted at least thirty (30) days prior to registration.
 - x. While GC will comply with all policies and procedures of the Student Exchange Visitor Information System (SEVIS) of the Immigration and Naturalization Service, the ultimate responsibility that all regulations are met lies with the student.
 - d. Alien Concurrent Enrollment: Alien students enrolled at an area college or university must submit all items except financial statement and deposit. Permission for Alien Concurrent Enrollment form must be completed by international student advisor of the other institution specifying course(s) to be taken. *A \$100 international application/evaluation fee will be required of all noncitizens without an I-551.
9. Visiting Students: A visiting student is one who normally attends another college or university during the Fall and Spring

semesters. This student typically only wants to take classes at Grayson during the Winter and Summer Mini semesters and/or the Summer I/II semesters.

- a. Apply for Admissions – All students that are not currently enrolled at GC are required to do a new application. Use the Apply Texas application located at www.applytexas.org
- b. Provide an official copy of your current college transcript. You can be admitted as a conditional student pending receipt of your transcript. Another transcript with your final semester grades will be required before GC can release a transcript to your current institution.
- c. Provide proof of Meningitis Vaccination, if under 22 years of age.
- d. Register for classes. View the Registration Guide and Schedule of Classes. If the course has a prerequisite that you took at your current college, please contact advising@grayson.edu for assistance.
- e. Pay tuition and fees at the time of registration. A payment plan may be available. Tuition may be paid online through your MyViking account, or in person or over the phone with the Business Office.
- f. Register your vehicle if taking a course that meets on campus. Visit the GCPD website for auto registration information and ID card information.
- g. Financial Aid is not available for visiting students.
- h. A final official transcript for the prior semester at the student's home college/university must be on file at GC before an official GC transcript can be returned to the home college/university.

For any questions, please contact admissions@grayson.edu

6.6 INSTRUCTIONAL ARRANGEMENTS/COURSE LOAD AND SCHEDULES

GC Policy ECC Local Course Load

The normal course load for the fall or spring semester shall be 15 semester hours. Course loads in excess of 16 semester hours shall require approval by the vice president student affairs. The maximum course load shall be no more than 21 semester hours.

The normal course load for the summer session shall be six semester hours for each six-week term or 12 semester hours for a full summer semester. Course loads in excess of six semester hours per term or 12 semester hours per summer semester shall require approval by the vice president of student affairs. The maximum summer credit hours earned shall be eight semester hours for one term or 16 semester hours for a full summer semester.

Limitation on Number of Dropped Courses

A College District student shall not be permitted to drop more than six courses taken while enrolled at the College District or another public institution of higher education.

Exceptions for Good Cause

A student shall be permitted to exceed the limit on the number of dropped courses for any of the following reasons:

A severe illness or other debilitating condition that affects the student's ability to satisfactorily complete a course;

1. The care of a sick, injured, or needy person if providing that care affects the student's ability to satisfactorily complete a course;
2. The death of a member of the student's family;
3. The death of a person who has a sufficiently close relationship to the student;
4. The student's active military duty service;
5. The active military service of a member of the student's family or a person who has a sufficiently close relationship to the student; or
6. A change in the student's work schedule that is beyond the student's control and affects the student's ability to satisfactorily complete the course.

Procedures

The College President shall develop procedures to implement this policy and shall publish the procedures in the College District catalog.

6. GC ACADEMIC POLICIES

6.7 STUDENT GRADE APPEALS

The purpose of the Student Grade Appeal process is to provide an opportunity for a student to appeal his/her grade when he/she believes a penalty of an unfair grade is adversity affecting his/her academic standing or was unfairly imposed.

The College District encourages students to discuss their concerns and with the appropriate Instructor or other campus administrator who has the authority to address the concerns.

Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Students will not be allowed to appeal grades recorded on permanent records after the end of the immediate long semester following the course for which the grade was received.

Student Grade Appeals shall follow the same processes outlined in Section 5 of the Student Handbook

6.8 RESIDENCY REQUIREMENTS FOR TUITION PURPOSES

To be considered a Texas resident, students must clearly establish residence in Texas for the 12 months preceding their enrollment. Documentation of Texas residency may be required in addition to the application for admissions.

1. An in-county student is an individual who is a resident of Texas (as defined by the Texas Education Code, Section 54.075) and who resides in Grayson County on the census date of the term.
2. An out-of-county student is a resident of Texas (as defined by the Texas Education Code, Section 54.075) who resides outside of Grayson County on the census date of the term.

6.9 SCHOLASTIC INTEGRITY

Scholastic honesty and integrity are vital to the ongoing interests of any academic community. Students have a responsibility to protect their work and to report instances of academic dishonesty to the appropriate professor or administrator. Any instance of plagiarism, self-plagiarism, collusion, cheating or falsifying records, will result in an F for the assignment. Further action may be taken as needed. The same principle of honesty applies to the use of modern technologies, such as the computer.

Plagiarism includes: using three or more consecutive words of another without placing quotation marks around the words or without giving credit to the author; using another person's ideas without giving him or her credit; submitting another person's work as one's own.

Self-Plagiarism can be considered a form of academic dishonesty. Each instructor will discuss guidelines regarding self-plagiarism. Infractions will be addressed in accordance with the guidelines set forth in the instructor's syllabus and the GC Scholastic Integrity Policy.

Collusion is defined as working on any assignment with another person without the verbal and/or written permission of the professor.

Cheating includes: Copying work from another student; using materials during the examination not authorized by the professor/test administrator; substituting for another student, or permitting another student to take an exam in one's place; using, buying,

6. GC ACADEMIC POLICIES

selling, stealing, giving, or soliciting any assignments or examination material. Falsifying records or evidence includes furnishing false or misleading information to any college office or representative.

6.10 SERVICE LEARNING

What Is It?

Many academic and workforce programs, courses and student groups at Grayson College are involved in Service Learning. So, what is Service Learning? Service Learning is not just volunteering. The work that students do should be tied to 2 or 3 learning outcomes for the course and faculty should be able to prove that they have met the learning outcomes. Usually, the service learning project is for a grade in the class. It can be a single assignment or a project. The faculty member decides the hour requirement. Service Learning is a pedagogy (a teaching method). It should be discipline specific and utilized to meet academic objectives. It should be faculty-led and be part of a grade requirement. Often, students are encouraged to select a service learning project that is related to his or her career goal.

How Does It Work? Steps in Service Learning

1. Faculty member defines the Learning Objectives
2. Students Define and Research Community Need
3. Partner with a Community Agency
4. Determine the Specific Project
5. Students Do Research Prior to Service
6. Students Perform Service Reflect On Experience and Assess Learning
7. More Specific Details will be explained in individual courses, programs or student organizations.

6.11 STUDENT ABSENCES ON RELIGIOUS HOLY DAYS

Grayson College will allow students who are absent from class for the observance of a religious holiday to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. The form for requesting absence for holy days may be obtained from the Vice President for Student Services.

“Religious holy day” denotes holy days observed by a religion whose places of worship are exempt from property taxation under section 11:20, Tax Code.

A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.

6.12 STUDY REQUIREMENTS

Each hour spent in class requires three hours of study outside of class. In other words, if a student takes a three-credit hour class, nine hours of outside study will be recommended in order for the student to be successful in class.

8.1 ACADEMIC ACHIEVEMENT/GRADING AND CREDIT

GC Policy EGA Local Grade Definitions

The College District shall have appropriate standards for evaluating student performance and for determining grades and graduation requirements. To the extent practical, procedures shall encourage and recognize academic excellence.

The College District uses the following grading system:

A — The student demonstrates mastery of course content and meets course objectives. The grade of A is an exceptional grade attained by students demonstrating exceptional performance of college-level work.

B — The student demonstrates mastery of course content and meets selected objectives. The grade of B is an above-average grade attained by students demonstrating above average performance of college-level work.

C — The student demonstrates acceptable competency in coursework and meets selected course objectives. The grade of C is an average grade attained by students demonstrating the average performance of college-level work. Students with concurrent enrollment for high school and college credit must maintain a minimal grade of C in the course.

D — The student demonstrates minimal performance in course work and does not meet course objectives. The grade of D is considered unsatisfactory in a student's major field of study, and this grade generally does not transfer.

F — Failure. No credit is given for the grade of F.

I — Incomplete. The grade of "I" indicates that the student has a valid excuse for failure to complete the work required during the semester. Incomplete work should be completed within the regular term. Failure to remove an "I" during the succeeding regular term may result in an "F" being placed on the permanent record.

W — Withdrew from course.

P — Passing.

S — Satisfactory. Used for non-degree courses.

U — Unsatisfactory. Used for non-degree courses.

AU — Audit. Used for audited courses.

Value of Grade Points

In determining grade point averages (GPAs), all hours where grade points are given shall be considered in computing GPAs. Grade points are granted on college courses on the basis of the value in semester hours of the course and the grade made in the course as follows:

A = 4 grade points per semester hour

B = 3 grade points per semester hour

C = 2 grade points per semester hour

D = 1 grade point per semester hour

E = 0 grade points per semester hour

Grade Point Determination

The GPA is computed by dividing the total number of grade points earned as shown on your transcript (PTS) by the total number of Graded Credits shown as HRS on your Transcript. Grades of I, W, P, S, U, NC, and F in pass/fail courses are excluded from GPA calculation. Grades earned in developmental courses are also excluded from GPA calculation.

Instructional Services

The College District accepts appropriate coursework from accredited institutions outside the United States, provided that the student successfully completed the courses.

Foreign Coursework

A student requesting credit for coursework completed at an institution outside the United States must first apply for admission to the College District and enroll in courses in the College District. To receive transfer credit from foreign institutions, the student must bring an official copy of the transcript from the institution and a certification and translation report from World Education Services (WES), the American Association of Collegiate Registrars and Admission Officers (AACRAO), or the Foreign Credentials Service of America (FCSA) to the College District admissions office. Certification and translation services provided by an entity other than WES, the AACRAO, or the FCSA shall not be accepted. The cost for certification and translation must be paid by the student. Only the maximum number of hours accepted by the department for transfer work shall be considered.

8.8 GRADUATE GUARANTEES

Transfer Guarantee

Grayson College guarantees that courses taken at the College, selected from an official degree plan, will transfer to any selected public-supported college or university in Texas. When a student and an authorized counselor or division dean signs a document listing the student's course of study for a program, this document is considered an official degree plan. If a student takes courses accordingly and he/she is not accepted at the public-supported college or university Grayson College will offer to the student, from curriculum as shown in the appropriate edition of the General Catalog, alternate courses that are acceptable, without the cost of tuition/fees to the student. The College will make this guarantee for all new college students who file an official degree plan with the GC Counseling Services Center. The College will make this guarantee for all presently enrolled students after an authorized counselor, or division dean reviews an up-to-date transcript and develops an official degree plan, presented by the student to the College Counseling Services. In the event of a dispute over the transferability of a Grayson College course at a state-supported college or university, the student must notify Grayson College. If the College cannot resolve the dispute with the college or university, then Grayson College will provide the student — within one year from the time of the dispute — alternate and appropriate courses without the cost of tuition/fees. (See 2016/2017 Catalog, page 54).

Employment Guarantee

If an Associate of Applied Science (A.A.S.) graduate or graduate of a certificate program is judged by his/her employer to be lacking in technical job skills identified as exit competencies for his/her specific degree or certificate programs, the graduate will be provided up to nine tuition/fee-free credit hours of additional skill training by GC under the conditions of the guarantee policy. Special conditions that apply to the guarantee include the following:

- The student must earn his/her degree/certificate in an occupational program listed in Grayson College General Catalog as of 1993-spring semester or later.
- The graduate must have completed the A.A.S. degree or certificate at GC (with a majority of credits being earned at GC) and must have completed the degree/certificate within a four-year time span.

8. STUDENT RECORDS

9.2 FINANCIAL AID & VETERANS SERVICES

The Office of Financial Aid is available to help eligible students meet the cost of attending college. Based on the determination of the federal Department of Education, the primary responsibility of financing an education rests with students and their families; however, scholarships, grants, loans, work opportunities, and other financial benefits are available to students who qualify for these programs.

All federal financial aid is awarded in strict compliance with federal regulations, state regulations and institutional policies and procedures. Priority is given to students with the greatest documented financial need whose completed Free Application for Federal Student Aid (FAFSA) are received by the priority dates.

You may access the website to complete the FAFSA through GC's Financial Aid homepage, select the Federal Student Aid FAFSA or go directly to FAFSA.ed.gov. You will use Grayson College's school code, 003570, to insure your FAFSA is electronically delivered to our college. Once your FAFSA is submitted The Department of Education will review the information you provided on the FAFSA and use it in their formula to determine your individual level of eligibility for aid. At that point, the information will be sent to GC. Once received The Office of Financial Aid will award a financial aid package to you. This package will be based on your individual needs and circumstances, as well as the availability of funds from one or more sources. The aid package information will be posted to MyViking, and each student will receive an award letter by postal mail and/or email.

9. STUDENT AFFAIRS

The level of federal and/or state financial aid provided to students is based upon demonstrated financial need. This is the difference between the reasonable cost of attending college for one year and the estimated family financial contribution, as determined by a review of the Free Application for Federal Student Aid.

Each student seeking any form of federal or state financial aid must complete the Free Application for Student Assistance (FAFSA) on an annual basis. Students that do not want to complete the FAFSA, but are interested in Grayson Foundation and/or Athletic Scholarships must complete the Grayson Scholarship Application by the posted annual deadline. Additionally, these students must provide a notarized Income Affidavit annually in lieu of the FAFSA. These forms are available on Grayson.edu, Financial Aid Forms.

Disbursement dates for the Federal Pell Grant and/or Federal loans are published each semester on GC's website.

For more information about requirements, qualifications, and application deadlines, contact the Office of Financial Aid by email at financiaid@grayson.edu, phone (903) 463-8794 or visit our website at www.grayson.edu.

Please note: Students are REQUIRED to use their GC canvas account or their GC email account for all electronic communication. In order to ensure the identity of the student communicating electronically, GC faculty and staff will not reply to student communication that is sent through an email account other than their GC issued email account or canvas account.

For more information concerning available financial aid programs including: Grants, Loans, Exemptions, Waivers and student employment opportunities check the Grayson College catalog. <http://www.grayson.edu/gettingstarted/Financial%20Aid/index.html>.

Veterans Administration Benefits

Grayson College provides a Veterans Affairs Office to assist in the enrollment of veterans, war orphans, war widows and totally disabled veterans, their wives and children. This office serves as a liaison between Grayson College and the Veterans Administration and is located in the Student Life Center. Advisement for all college programs is available in the Veterans Services Office. Please contact the Veterans Coordinator for information concerning the required documentation. Requirements to receive maximum educational benefits eligible vary depending on the program. Students are advised to consult the Veterans Services Office prior to enrollment for additional information. The Veterans Administration requires veterans and other eligible persons to define and follow predetermined degree plans as reflected in the General Catalog. In order to receive VA educational assistance payments for those courses taken at Grayson College which are part of another institution's degree plan, students must obtain a Parent Institution Letter from that institution and submit it to the Veteran Services Office. The official college transcript will provide a final record of the credits attempted by the veteran each semester. Official drop dates are published in the Schedule of Classes. Final grades are submitted by the faculty and maintained on permanent file in the Office of Admissions and Records. Veterans Administration rules require that the College interrupt training and report the names of veterans

who are placed on academic suspension and those who are not making satisfactory progress. A veteran who applies for admission to Grayson College must submit official transcripts from all previous colleges attended. If any such credit earned is applicable toward the degree plan of the student, approval will be made by Counseling Services or the appropriate instructional Dean, if necessary. Courses previously taken with an earned grade of at least a "D" may be accepted as credit. A student may not receive benefits from the Veterans Administration for any class previously taken with an earned grade of "D" or better. Veteran students entitled to Hazelwood Act (Texas Veterans) benefits should contact the Financial Aid at GC. Hazelwood Benefits may be used for both credit and continuing education courses.

Minimum Standards of Progress for Students Receiving VA Educational Benefits

Semester Hour or Certificate Programs

- Satisfactory Progress: A student who is receiving VA educational benefits must maintain a cumulative grade point average (GPA) of 2.00 or higher to be considered as making satisfactory progress.
- Probation: A VA student who fails to achieve a cumulative GPA of 2.0 or higher after one semester shall be placed on Academic Probation. The student shall be reported to the Veterans Administration as being placed on Academic Probation. The student may be required to complete Learning Frameworks once the probation has been placed on the student record.
- Suspension: A VA student on probation who fails to achieve a current GPA of 2.0 or higher at the end of the first probationary period shall be reported to the Veterans Administration Regional Office as making unsatisfactory progress. A student has the

9. STUDENT AFFAIRS

right to appeal the suspension. A student will not be certified for VA educational benefits without an approved appeal.

- Appeal Procedure: Students receiving VA benefits will be placed on academic suspension due to lack of satisfactory progress. Students may appeal the denial of VA certification due to an unusual or extraordinary situation that affected the student's progression toward the successful completion of his or her program of study. Examples of unusual circumstances include injury or illness of the student or immediate family member, the death of an immediate relative of the student, or other extenuating circumstances. The appeal must be submitted in writing to the Office of Financial Aid and Veteran Services and should include: an explanation of the reason(s) why the minimum Satisfactory Academic Progress (SAP) standards were not achieved and supply a copy of all supporting documents. Students must provide a copy of their degree plan that has been signed by their academic advisor. If the appeal is reviewed and subsequently approved by the Appeal Committee, the student will be placed on Probationary Status and on an Academic Plan. The Academic Plan will set out criteria for success for the upcoming semester. The Academic Plan must be signed by the student and the Veterans Service Office Advisor. The student must show progress by successfully completing the attempted courses with at least a 2.50 GPA for the term. The student must meet attendance requirements during that term. The Director of Financial Aid and Veterans Services shall also have the authority to place conditions upon the certification for those cases covered under Veterans Educational Benefits provided through the institution.

Students who have their appeal approved will be notified of the conditions that must be met in order to regain eligibility for VA certification through the institution.

9.3 SATISFACTORY ACADEMIC PROGRESS

Students who need to apply for an appeal for federal aid assistance may obtain the instructions and form either online or from the Office of Financial Aid. Once the office has received the appropriate documentation, the office has 30 days to review and respond to the request.

Background Checks for On-campus Residents at GC

In an effort to improve the safety and security of college students, SB 146 permits public colleges to perform in-depth background checks on incoming students applying to live on campus. According to SB 146, the public college's chief of police and the institution's housing office may access background checks from the Department of Public Safety (DPS) secure website. The background check consists of criminal history records (e.g., past crimes, active warrants), which can only be obtained for incoming or current students that apply to reside in on-campus housing at the particular college. They cannot be ordered for students that commute.

The background check will not be utilized to assess enrollment eligibility for the college; rather, it will only be used in the vetting process for on-campus, student housing. Furthermore, criminal history information obtained through this process will not be released or disclosed to any other person without a court order or consent from the student in question. As soon as possible, after the academic semester begins in which the student applied for on-campus housing, all criminal history information obtained in the background check will be destroyed by either the chief of police or the institution's housing office.
