

## AAS Radiology Technology Program Learning Outcomes

### Curriculum Map

Program Required Courses	PLO # 1 Students will demonstrate mastery in the knowledge, technical skills, attitudes, and workplace skills necessary for successful employment in the radiologic technology profession.	PLO #2 Students will demonstrate mastery of current methods, materials, supplies and equipment to meet occupational requirements and needs.	PLO #3 Students will be able to identify and meet the standards of performance expected of them in the radiology field.	PLO # 4 Students will participate in clinical experiences in a variety of facilities throughout the radiology community to gain practical experience and assist in job placement.	PLO #5 Students will evaluate factors that can be used to promote patient/client adherence to disease prevention and/or health maintenance.	PLO #6 Students will successfully complete the radiologic technology program competencies to be prepared to meet the employment needs of the radiology community and ARRT standards.
