

AS or AAS (INSERT PROGRAM NAME) PROGRAM LEARNING OUTCOMES

Program Required Courses	1. Operate metal fabrication equipment.	2. 100% of students in Wldg 2451 will be able to understand the visual acceptance criteria pertaining to welds.	3. Differentiate and illustrate basic welding processes and their specific applications.	4. Students will demonstrate proficiency in welding processes According to AWS D1.1-10 code standards.
Wldg 1421	I	I	I	I
Wldg 1428	I	I	I	I
Wldg 1430	I	I	I	I
Wldg 1457	R	R	R	R
Wldg 1434	R	I	I	R
Wldg 2447	M	R	R	M
Wldg 2451	M	M	M	R
Wldg 2453	M	M	M	M

I = Introduced

R = Reinforced

M=Mastered

Under each PLO enter an I, R, or M in the row for the listed course where the PLO is either Introduced, Reinforced or Mastered. Core courses outside of the discipline should not be included unless it is tied to the PLO's for the program.

All courses listed should be mapped for I, R, & M if it is part of the program.

The course that the PLO is mastered in will be the course that the program assessment occurs in for that PLO
