WHAT'S YOUR JAM?

By Kristin Vilbig, Art Professor

Wassily Kandinsky, *Composition VII*, 1913, Oil on canvas, 200 x 300 cm, The State Tretyakov Gallery, Moscow

The Grayson College 2nd Floor Gallery has an exciting list of exhibits for this fall semester. The first show, "That's My Jam", will focus on the relationship between music and the arts. Throughout art history there are numerous examples of artists being inspired by music with vastly different visual results ranging from Kandinsky's wild lines and splashes of color to Mondrian's jazz inspired squares of primary colors.

Sometimes the reverse is also true: musicians have been inspired by art to compose music. This exhibition is asking artists to continue that creative dialogue and create original works about or inspired by music.

Anyone 18 and older is welcome to submit work to the exhibit. The delivery of "ready to hang" art work is due Monday August 27, from 3-5 p.m. in the gallery. The exhibit opens September 3 and runs through September 21st, with an artist's reception Friday, September 14 from 5:30-7 p.m.

For a complete list of shows for the Fall semester, see the bulletin boards in the Arts and Communications building!

SURVIVAL GUIDE TO COLLEGE SUCCESS!

By Debra Haggin, Staff Writer

Starting college can be very exciting with a clean slate, yet sometimes it can be daunting and difficult when trying to discover the path less traveled by. To encounter this new experience, it helps to have some advice involving face-to-face interaction with campus life. Let's accept the truth, college can be stressful whether you are transitioning from High school, or you are a well-seasoned and older student.

With that being said, here are ten steps I wished I had known before starting college.

1. Stepping outside the classroom is where real learning takes place.

Go to meet professors and advisors during office hours; they can help to expand and open doors for your future.

2. Changing your major is always an option.

Completing your general education requirements and receiving helpful advising can help you find the major that is right for you. Changing your major multiple times is completely acceptable. Choosing classes inside and outside your comfort zone helps you to

know what you want in a career.

3. Campus involvement builds relationships.

Be involved in your social life, as it will be a large part of your college experience. Join campus clubs, organizations, or athletics that will help you meet new people who help you build lasting memories and friendships.

4. Try to not fall behind in class. Catching up can become very difficult.

Get in the habit of staying active, making time for plenty of rest and eating well. This will decrease stress and keep you healthy. Along with that, exercise always opens your mind.

5. Go to class.

You may feel like skipping; don't. Get to know teachers and stay alert during lectures. Participate, take notes, and show interest in all discussions.

6. Use your resources.

College offers excellent support services such as tutoring, counseling, job placement, computer labs, and so much more to boost your skills in order to manage your school schedule.

7. Stay proactive.

If your class becomes difficult, go to a tutor or see a counselor to help plan next semesters schedule. College is full of people who are specifically there to help you, so reach out when in need of help.

8. Become an intern.

Sometimes hands-on learning is the best way to learn, build relationships, and gain experience for your future career.

9. Stop over thinking.

You don't have to know the answers to all of life's riddles. Life is an unfolding, discovering, and adventurous time. Sometimes over thinking can get you in trouble and you could miss the journey.

10. Just be yourself.

You are perfect. You are valuable. You're enough.

"All our dreams can come true, if we have the courage to pursue them."

-Walt Disney

FREE LUNCH!

By Bernie Gallagher, BSM Director

All GC students and staff are invited to our Welcome Back to School Luncheon sponsored by the Baptist Student Ministry. This "come and go" event will take place **Wednesday, August 22nd, from 12:00 noon until 1:00 pm** and will be held in the BSM building next to the gym on the main campus. Free hotdogs and fixin's provided. Live music by former GC student Jenna Toland. Please join us as we welcome the new semester.

PEP, PEP, HURRAY!

By Andrew Wright, Band Director

With basketball returning to Grayson College this year the need for a pep band to support our wonderful athletes begins. This fall, the newly formed Viking Pep Band will be appearing at each men's and women's home basketball game.

Dr. Andy Wright joins the college as director of the band as we work diligently to grow this ensemble from its infancy. The main goal of our pep band is to bring

spirited entertainment to each home basketball game and support our amazing athletes and athletic staff.

If you have played an instrument, any instrument, in the past and want to play some great music, be crazy, watch exciting basketball games, and a charter member of this new band, please contact *Andy Wright* at (903) 415-2637 or *wrighta@grayson.edu*.

VETERAN FRIEND REQUEST

By Tommy Ellis, Veteran Project Coordinator

George Wade, Chaplain for GC Student Veterans

Student veterans at Grayson College have a new friend and confidant. George Wade has been named "Chaplain for GC Student Veterans" and will be available to meet individually or in small groups beginning in the fall 2018 semester.

In his role as chaplain, Mr. Wade sees himself as simply a "trusted individual to whom student veterans can turn if they are seeking direction or guidance in dealing with any number of issues that may be troubling to them."

PTK: A WEEKEND TO REMEMBER!

By *Kassandra Garcia, The Viking Editor*

The Event's Importance

On July 27th our very own Phi Theta Kappa chapter, Omicron Psi, sent their new team of officers to the annual Texas Honors Institute. This three-day adventure allowed the Omicron Psi officers to meet members from all over the state and engage not only with them, but each other as well.

Phi Theta Kappa gives students a chance to develop leadership skills, along with other important soft skills employers want, while also providing students with opportunities to give back to their communities.

The Society's members come from many walks of life, from all over the world, who tie their stories together through their projects and service.

Texas Honors Institute is where students meet to discuss the topic of their undergraduate research project, which should be designed to address an issue on both a local and global scale. Every two years the subject of the project changes, and this year it focuses on the topic of transformation.

Through speakers, group projects, and workshops, our Texas chapters were able to communicate their ideas and encourage one another to push for the best outcomes they could possibly achieve.

For Phi Theta Kappa, these projects embody ideals that could influence societies to change for the better. The entire

Texas Honors Institute is a very uplifting and enlightening experience, which is why our chapter strives to attend every year.

Who We Thank

Overall, the 2018 Phi Theta Kappa Texas Honors Institute was an extraordinary success. Our Omicron Psi chapter could not be more thankful for the experience, or the accomplishments of their advisor, Professor Mary Linder, who recently became the Texas Regional Coordinator of Phi Theta Kappa.

It was because of Professor Mary Linder and her regional team that the annual institute was such a big hit.

Omicron Psi hopes to make Grayson College proud once again with their 2018-2019 projects. We hopefully will see Omicron Psi named number one in the entire world once again, but if not, we know they will always be number one in our Viking hearts!

If you would like to learn more about Phi Theta Kappa and the \$90 million in scholarships available for our

members, check out one of the weekly chapter meetings. We meet each Wednesday, 12:30 p.m.-1 p.m. in the Viking Room.

WHY WOULD I JOIN PTK?

By *Rebecca Gillespie, student*

Invitations will soon go out to all Grayson College students who are eligible to join Phi Theta Kappa! Below you will find the top ten reasons to join, which will help you understand why membership is so important to your current and future success. Do not let the opportunity to join pass you by!

10. Phi Theta Kappa provides members with opportunities to attend conferences where you can meet some great speakers and amazing people.
9. Being a Phi Theta Kappa member will help you learn how to develop both academic and interpersonal skills.
8. Membership also provides opportunities to develop the leadership skills employers are seeking in the people they hire.
7. Members gain access to Five Star Competitive Edge, which is an online self-paced personal development plan to help you strengthen your soft skills.
6. There are opportunities to engage in undergraduate research at the community college level, strengthening important research skills. Members also have an opportunity to have that research published!
5. We are a diverse group from every background you can imagine.
4. You can E X P A N D your mind by being exposed to differing and unique viewpoints.
3. We give back through service to our campus and com-

munity.
2. When you tell a university that you are a Phi Theta Kappa member, you distinguish yourself from the other applicants. This makes you more competitive for admission and scholarships.

1. Phi Theta Kappa members have the opportunity to make lifelong connections and develop a support system that can impact your life tremendously. Phi Theta Kappa members are always willing to help each other.

Lavada Burse, Omicron Psi Chapter President

GET INVOLVED: DIA DE LOS MUERTOS

By *Kristin Vilbig, Art Professor*

The arts department is participating in the **Dia de Muertos Festival** in downtown Denison on November 3, 2018.

Design students will be making Papel Picado banners and lanterns to celebrate the Day of the Dead, a day to honor the memory of loved ones who have passed. "Papel picado" literally translates to "punched paper" and is a tradition throughout Mexico.

Be sure to keep an eye out for these brightly colored decorations around campus during October!

The Advanced Design students will be making large puppets for the Dia de Muertos parade for the festival. Using papier mache

and their own designs, students will construct larger-than-life-sized puppets that are worn and operated by the puppeteer. These puppets will be judged in competition, with prizes for the winners.

If you would like to get involved with the arts on campus, come and join Delta Phi Delta, Grayson College's Art Club. The art club meets 1st Tuesday of the month in AC 105/Design Room... and there is usually food!

For more information about these and other Grayson College Art Event, visit our Facebook page at: [Grayson College Visual Arts Department](#).

HONORS COLLEGE: CHANGE OF THE GUARD

By *Kassandra Garcia, The Viking Editor*

The Grayson College Honors College officers were excited to meet with their new advisor, Professor Chad Tomaselli. They held a summer meeting regarding the advisor switch, which included their former advisor, Dr. Brandy Fair.

The switch of advisors will be a growing opportunity for the entire club, and the officers involved are looking forward to the opportunity to prosper. Meetings for Honors College will still be held every Thursday during the fall and spring semester. In fact, even with the quick switch of advisors, students can stop by and meet with the club at the Welcome Picnic on Thursday, August 23, who are preparing for a great time with our Viking students.

With this change we also get the pleasure of getting to know the face of the club. Professor Toma-

selli has been teaching at Grayson for five years and is currently working on his doctorate degree at the University of North Texas. He is a history professor with a great sense of humor and a positive attitude. Overall, there are plenty of incredible things to expect from Professor Tomaselli as he takes on this challenge.

This year if you choose to join Honors College, it will be a learning experience for everyone. The change of an advisor means change for the club, so feel free to stop by and forge new ideas and prospects for the club to take on and inherit. Through the learning process, everyone will be leaning on one another to lead to a bigger and better Honors College for the college to enjoy for many years to come.

BSM: IT'S NOT JUST FOR BAPTISTS!

By *Bernie Gallagher, BSM Director*

Wednesday Noon Luncheons: GC students as well as faculty/staff are invited to the BSM Wednesday Luncheons held throughout the semester. We plan to serve the meal, provided by area churches, beginning at 12 noon followed by a brief program featuring music and speakers from area churches and/or the GC community. There is no charge for this event.

Noon Bible Studies: Bible study groups will be meeting on Monday and Tuesday at 12:15-12:45 pm throughout

the semester. Lunch is provided.

The BSM building is located between the Sports & Recreation Center and the Campus Police buildings.

For more information please stop by our building (open from 8:00 a.m. - 4:00 p.m.), email us at bsm6101@airmail.net, or call us at 903-463-8798/903-465-2207. All students on campus are welcome to participate in BSM activities regardless of religious preference.

GRAYSON SBDC HONORED FOR EXEMPLARY PERFORMANCE

By Helen Jeffcoats, Assistant of Grayson Small Business Development Center

Dallas, Texas - The North Texas Small Business Development Center (NTSBDC) at Dallas County Community College District (DCCCD) awards SBDC field centers the distinguished SBDC of the Year Award for exemplary performance.

The SBDC of the Year Award recipient for 2018 is Grayson Small Business Development Center (SBDC). The SBDC of the year is acknowledged and recognized by the North Texas SBDC and the Small Business Administration as an advocate for advancing opportunities for entrepreneurial development.

The SBDC of the Year surpasses performance goals, builds small businesses, develops the SBDC for success and serves as a champion for small businesses. The Grayson SBDC surpassed 2016-2017 performance deliverables by over 363%!

Grayson SBDC earned this distinguished award for their expert assistance provided to small business owners resulting in business success for their clients. The Grayson SBDC assisted clients with the incorporation of new technologies and the implementation of strategies to facilitate business growth. They are dedicated to the North Texas SBDC Mission of accelerating the North Texas economy by helping entrepreneurs grow sustainable businesses, evidenced by their client's successes.

The Grayson SBDC is hosted by Grayson College in Denison, Texas. We would like to thank Grayson College's President, Dr. Jeremy P. McMillen for his leadership and longstanding support of the SBDC program.

The Grayson SBDC serves Fannin and Grayson counties under the leadership of Director, Karen Stidham. The Grayson SBDC provides top-quality business consulting, which has been key to improving economic factors in Texas. Director Stidham has been recognized for her leadership and the manner in which she and her team serve the small business community.

Grayson SBDC is honored for their excellence in the value they provide to small businesses and advancing program delivery and management. The North Texas SBDC Network serves forty-nine counties in the Northeast Texas Region and hosts 12 field centers to provide services to small businesses to foster economic development.

About the North Texas SBDC Network

For over 30 years, the North Texas SBDC (NTSBDC) Network has nourished a Texas partnership between higher education and economic development organizations dedicated to providing emerging and established business owners with management and technical assistance to enable the growth and increase profitability for small businesses.

The NTSBDC Network serves 49 counties and is comprised of 12 field centers with 23 outreach locations. The North Texas SBDC Network is in part funded by the U.S. Small Business Administration (SBA), State of Texas, and the Dallas County Community College District (DCCCD) serving as the Network's designated lead host institution. The North Texas SBDC Network is nationally accredited by the Association of SBDCs. With that being said, Congratulations to the Grayson SBDC!

GET TO KNOW YOUR FINANCIAL AID I ADVISERS: WAYNE RYON AND LISA RUSSELL

Hello, my name is Wayne Ryon. I started working in the Financial Aid office as a work study and later became a Financial Aid Advisor. I graduated from Grayson with my Associate's in Psychology, and this fall I will be pursuing my bachelor's degree at Texas A&M Commerce.

I have learned so much and continue to learn from my coworkers who have been in Financial Aid for years. Through them and myself I can better help students achieve their dreams.

Q: What is your favorite book to read?

A: I could never pick just one. However, currently I am re-reading one of my favorite series, *The House of Night* series by P.C. Cast and Kristin Cast.

Q: What is your favorite movie?

My all time favorite movie is *Beauty and the Beast*. I tend to enjoy movies that show things are never as they seem, and *Beauty and the Beast* is an incredible example of that value.

Wayne Ryon

Hello, my name is Lisa Russell. I am fairly new to the office and have now been a Financial Aid Advisor for three months. I received my bachelor's degree from Southeastern Oklahoma State University back in 2016, and I have been married to my husband, Michael Russell, for eight years.

This office keeps me on my toes, and the students we help are incredible.

Q: What do you do to keep fit?

A: I am actively part of two soccer leagues. In order to stay conditioned for playing I go to the gym almost every day.

Q: What three things do you think of the most each day?

A: First on my mind each day is my family. Then, my puppies, Turbo and Pencil. They are like another family to my husband and I. Thirdly, I think of food, because I am almost always hungry.

Lisa Russell

WORDS FROM THE EDITOR

About Me

As an introductory piece, I would love for everyone to be able to say they know their *Viking* editor. My name is Cassandra Garcia, and I am a work study and member of many clubs on the campus. Any time you happen to see me running around, feel free to say hello, or let me know if you enjoyed this issue of the paper!

On a more personal note, I am not originally a Texan. I am from Louisiana and my love for Cajun spices is endless. However, I have lived in Texas most of my life and I am local to the area. If there's anything else you would like to know, feel free to stop me for a question too!

Life as a Viking

It can't be stressed enough that being involved as a Viking has benefits. Networking can be everything for your future career, future university, or many different aspects of your life. Embrace your Viking side, and come to campus to enjoy the various activities we offer, and join in on groups or clubs. There is a list of our events and such sitting in our Student Life Center on the second floor; feel free to stop by!

As a club member, you also see various scholarship opportunities and once-in-a-life-time trips that you could very well regret missing out on. The same can be said for sport involvement, band, theater, and everything in between. If you're shy, introverted, or have any issues at all with social interaction, this is the time to crawl out of your shell without going too far!

Use of Resources

Just to note, there are so many resources the college offers its students. For one we have free counseling that any of us can set up appointments for. Second, there is also free tutoring offered in our testing center waiting to be taken advantage of. The tutors themselves are our fellow students who go through the same stressful deadlines as you do.

Other resources include things like our food pantry. If you have issues obtaining food resources, our college can help you. The same can be said for technology issues. Students can easily access on-campus computers in order to help with online assignments in the library. There are plenty of helpful things to find all around campus, so feel free to ask not only me, but also other staff members that you see!

Kassandra Garcia, The Viking Editor

VETERAN SERVICES PROVIDERS ENRICHED BY NCTC SYMPOSIUM

By Tommy Ellis, Veteran Project Coordinator

Staff from the Center of Excellence for Veteran Student Success at Grayson College met recently with representatives from twelve other colleges and organizations at the Gainesville campus of

related questions and provided much information and in-depth thought about relevant and topical issues that benefitted all attendees.
The value of this type of educa-

Grayson staff from the Center of Excellence for Veteran Student Success at the 2018 Veteran Services Providers Symposium in Gainesville

North Central Texas College for the 2018 Veteran Services Providers Symposium.

The thirty-one participants gathered to expand their knowledge base of student veterans and how to better serve them at today's colleges and universities. This year's symposium, the second year for this event, began at Grayson College with the initial 2017 Veteran Services Providers Symposium.

A 100% increase in schools and personnel attending from year one to year two proves a genuine interest and need to provide more and better services to the growing segment of student veterans.

One session of the all-day symposium was an interactive panel discussion with four current student veterans, two of whom were Grayson College student veterans, Ashley Mathis and Shawn Thomas. The panel responded to a wide-range of

tional symposium is evidenced by the fact that participants and hosts are already anticipating the next event during the summer of 2019.

When this symposium was simply an idea at Grayson College, it was believed to be of such importance that once started, it would grow and continue on for years into the future. All student veterans, regardless of where they attend classes, will be the benefactors of their service providers' attending the specialized symposiums that originated at Grayson College.

Wednesday, September 26, 2018

Opening Ceremony: Thursday, September 27, 2018, 10 a.m., Cruce Stark Auditorium

Memorial Exhibit: Baptist Student Ministry
Thursday, September 27 open till 7 p.m.
Friday, September 28, 10 a.m. – 5 p.m.
Saturday, September 29, 8 a.m. – 3 p.m.

Closing Ceremony: Saturday, September 29, 3 p.m., Gymnasium

For more details and information, call/stop by Veteran Services Office, 2nd Floor, Life Center or call 903.415.2632

ADVISORY COMMITTEES WRAP UP 3 YEARS OF SERVICE

By Tommy Ellis, Veteran Project Coordinator

Two advisory committees dedicated to improving services for Grayson College student veterans met for their final meeting during the summer on July 19 in the Viking Room.

The Veterans Advisory Council (VAC) and the Veteran Students Support Team (VSST) were both established in accordance with the Department of Education grant that established the Center of Excellence for Veteran Students Success.

Both committees met eleven times separately over the last three years, but the 12th and final meeting was a special combined meeting of the two bodies. This meeting allowed members a rare opportunity to learn more about the other committee while meeting

the past three years. In addition, members were recognized for their service and commitment by being presented special commemorative "MISSION ACCOMPLISHED" challenge coins.

The recognition coins were designed to celebrate various successes of student veterans but was expanded to honor/celebrate the accomplishments of others working in various capacities that benefit Grayson College student veterans.

Because of his numerous contributions to student veterans at Grayson College, combined with his faithful service and committee attendance, Rear Admiral William "Bill" Retz, USN (Ret) was also presented an additional special award, the "Compass Rose."

Rear Admiral William "Bill" Retz, USN (Ret) accepts the "Compass Rose" from Student Veterans Association representative William Thompson

their counterparts, some for the first time.

Both committees have been focused on the success of today's student veterans to insure their needs are met while at Grayson and that they are prepared for a successful life beyond Grayson College.

A special and enjoyable highlight of this meeting was a PowerPoint video of the various activities of the Veteran Services Office over

Awarded by Student Veterans Association representative William Thompson, the Compass Rose represents the direction and guidance, both valuable and revered, that Adm. Retz has provided faithfully for the past three years in so many ways to Grayson College student veterans and student veteran operations.

Continued from page 1

VETERAN FRIEND REQUEST

The Center of Excellence for Veteran Students Success aims to provide GC student veterans with a path to dealing with personal issues that may interfere with their academic pursuits and success at Grayson College.

Mr. Wade has an extensive and distinguished background in chaplain duties in many parts of the country and currently serves as chaplain at a local hospital as well. At Grayson, he will be present at the Student Veterans Association (SV) meetings to greet all student veterans and to insure they know that he is available for them. The SVA meets twice per month (1st and 3rd Wednesdays) at noon in the Veteran's Hub, located on the 2nd Floor of the Life Center, next door to the Veteran Services Office.

All student veterans and military dependents are invited to join the SVA and participate in the only club on campus "just for veterans". Stop by and meet Mr. Wade at one of the upcoming club meetings and enjoy a quick lunch with other student veterans at the same time.

Saturday, September 29, 2018
GC Gym/Fitness Center 10 a.m. -3 p.m.
